**THE ECONOMY AND HOUSING SHOW SOME LIFE - article by NAHB**

More emerging data is signaling that the economy is in the early stages of recovery from a long, hard recession. The second estimate of third quarter gross domestic product (GDP), based on more complete data than what was available for the “advance” estimate issued last month, showed that GDP advanced 2.8% from the second quarter at a seasonally adjusted, annual rate. While down from the 3.5% reported in advance estimate, this was the first rise in this measure after four quarters of decline. Residential construction, which has been a drag on GDP since the first quarter of 2006, subtracting roughly 1% growth from overall GDP each quarter (on an annualized, seasonally adjusted basis) on average for the last three and a half years, contributed a half percentage point of growth of overall GDP growth. Retail sales have risen in four of the last six months....**CLICK HERE TO READ MORE.**

**TAX CREDITS - TAKE ADVANTAGE OF FEDERAL TAX CREDITS FOR ENERGY EFFICIENT BUILDING PROPERTY**

The federal tax credit is limited to 30% of cost to a maximum of \$1500. Home improvements must be placed in service from January 1, 2009 until December 31, 2010. Additional state and local utility incentives may also be available. Please consult with your tax advisor for eligibility requirements and amount of tax credit.

*\*Ask your Gateway Supply Company sales associate to see if your product qualifies for the Federal Tax Credit.*

## SOUTH CAROLINA APPLIANCE REBATES

A total of \$3.9 million will be available in rebates to South Carolina residents purchasing ENERGY STAR appliances in the state beginning March 31, 2010 and continuing until all funds are exhausted. This program is funded by South Carolina's share of federal stimulus funds being distributed to each state for appliance rebates.

For appliances purchased in a store, the rebate will be applied instantly at the register. Installers of whole-house equipment such as water heaters and HVAC systems will reserve rebates online and then provide customers with mail-in forms. Rebates will not apply to online purchases or purchases made prior to March 31, 2010. Customers participating in this program will be required to let retailers and installers recycle their old, inefficient appliances to ensure that they are taken off the power grid.

Products to be Rebated	Rebate Levels (\$)
Clothes washers	\$100
Dishwashers	\$50
Refrigerators	\$50
Room Air Conditioning Units	\$50
Central Air Conditioning Units	\$200
Heat Pump	\$500
Gas Furnace	\$500
Gas-Condensing Water Heater	\$400
Electric Heat Pump Water Heater	\$400
Hi-Efficiency Gas Storage Water Heater	\$100
Hi-Performance Gas Storage Water Heater	\$200
Gas Tankless Water Heater	\$400
Solar Electric Water Heater	\$400

## NORTH CAROLINA APPLIANCE REBATES

The State of North Carolina will implement a two-phase rebate program to help residents replace older, inefficient appliances with ENERGY STAR® qualified appliances. The first phase of the program, tentatively scheduled to begin in April 2010, will be limited-time, instant rebate for refrigerators, freezers, clothes washers, and dishwashers, A Phase 2 mail-in rebate for several types of water heaters, as well as gas furnaces, and central air conditioners is tentatively scheduled to begin in June 2010 and will continue until remaining funds are depleted.

### *Eligible products include*

- *Refrigerators*
- *Freezers*
- *Clothes Washers*
- *Dishwashers*
- *Gas Storage Water Heaters*
- *Electric Heat Pump Water Heaters*
- *Solar Water Heaters*
- *Gas Furnaces*
- *Central Air Conditioners*

Retailers are required to recycle old appliances in accordance with state laws. Contact: [North Carolina Department of Administration, State Energy Office](#)

**Total Funding: \$8,849,000**

*Program information subject to change. Rebates may be offered for a limited time only. Before purchasing a product, check with your program sponsor to ensure rebates are available, and to confirm product eligibility and program requirements.*

*Products purchased must meet efficiency criteria as established by the state.*
